

Remarks

The above Amendments and these Remarks are in reply to the Office Action mailed February 18, 2005.

Claims 52-83 were objected to for minor informalities in claims 52, 59, 71, 79 and 83. These claims have been amended to overcome these objections, and thus these claims should now be allowable. Such amendments are not narrowing.

Claims 71-78 and 83 were provisionally rejected under obviousness-type double patenting rejection based on U.S. Patent Application No. 10/074,379 in view of U.S. Patent No. 6,494,940 to Hak. Applicants do not necessarily agree with this rejection. However, to expedite issuance of a patent, Applicants are submitting a Terminal Disclaimer herewith, as recommended in the Office Action. Accordingly, Applicants respectfully request that the non-statutory double patenting rejection be withdrawn. Applicants note that a Certificate of Ownership has already been filed.

Applicants would like to thank the Examiner for indicating that claims 84-93 are allowed. Minor amendments were made to claims 84, 85 and 90. Such amendments are not narrowing.

****Request for Consideration of Previously Submitted IDSs****

1. Applicants mailed an IDS to the USPTO on **April 27, 2004**, but have not yet received an initialed copy of the IDS back, indicating consideration of the reference therein by the Examiner. Accordingly, Applicants are submitting a date stamped copy of this IDS, evidencing its receipt by the USPTO. Applicants respectfully request that the Examiner consider the reference cited therein and return to Applicants an initialed copy of this IDS.
2. Applicants submitted an electronic IDS on **August 30, 2004**, but have not received an initialed copy of the IDS back, indicating consideration of the references therein by the Examiner. Accordingly, Applicants are submitting a copy of the electronic IDS and an Acknowledgement Receipt from the USPTO, evidencing its receipt by the USPTO. Applicants respectfully request that the Examiner consider the references cited therein and return to Applicants an initialed copy of this IDS.
3. Applicants submitted another electronic IDS on **November 24, 2004**, but have not received an initialed copy of the IDS back, indicating consideration of the references therein by the Examiner. Accordingly, Applicants are submitting a copy of the electronic IDS and an Acknowledgement Receipt from the USPTO, evidencing its receipt by the USPTO. Applicants

respectfully request that the Examiner consider the references cited therein and return to Applicants an initialed copy of this IDS.

Conclusion

Applicants believe that all pending claims 52-93 should be in condition for allowance and respectfully request that a Notice of Allowance be issued. The Examiner is respectfully requested to telephone the undersigned if he can assist in any way in expediting issuance of a patent.

The Commissioner is authorized to charge any underpayment or credit any overpayment to Deposit Account No. 06-1325 for any matter in connection with this response, including any fee for extension of time, which may be required.
